### **Operations Description**

In active picking during visit. The picker building is more modern and mostly enclosed.  
The kiln building is bird proofed and has bare rafters. CFL bulbs with secondary coverage.  
Curing and baling area were freshly cleaned and in good order.

### **Areas of Concern**

No concerns

### **Recommendations**

Operations look sound and in order, picking doors were open to allow trucks to enter but no signs of bird entry.

*The Hop Quality Group thanks you for the privilege of working together  
on our commitment to quality hops for great beers.*
