

***Our mission: To continuously improve
the sanitation and quality of hops
used in the brewing and cellaring of great beers.***

Date	7/15/21
Location	Horseshoe Lake Farms
Purpose	Pre-Harvest Quality Visit

Attendees:	
Jamie Floyd	
Daniel Sharp	

Operations Description

Generational farm, belongs to Sam and Claudia Smith (grandparent to Blake Crosby). Farm is going through changes and Blake Crosby and Stefanie Smith (Daughter of Sam and Claudia) is taking over operations.
This was the first time HQG was able to visit this farm. Most of the time was spent visiting with the Smith Family.
Stefanie and Blake are very keen on improving the farm and happy to stay in touch as changes happen.

Areas of Concern

Did not inspect picker, but picking facility needs some significant clean up before harvest

Recommendations

Recommend staying in contact with Horeshoe lake visiting with them to hopefully allow a larger group onto the farm for an official sanitation visit. This report is informational only, not to be shared with the Farmer.

***The Hop Quality Group thanks you for the privilege of working together
on our commitment to quality hops for great beers.***
